Subject: Narkomed 6000 Series Patient Suction Option

Starting in 2004, the Patient Suction System Option is modified to include an additional bracket and hose to provide an easy method to connect third party canisters used in hospitals. The suction system can be ordered under the same part number 4112647-002. An instruction sheet will be provided that describes the installation of the new bracket and hose.

The price and part number for the suction option remain the same:

<u>DESCRIPTION</u>	<u>PART NUMBER</u>	<u>PRICE</u>
Suction Asm. w/Disposable Canister	# 4112647-002	\$515

A field upgrade kit is available for those customers who would like to purchase the new canister bracket. This kit contains only the bracket, DISS fittings, hose, and instruction sheet.

Use the following P/N and price to order the field upgrade kit:

<u>DESCRIPTION</u>	<u>PART NUMBER</u>	<u>PRICE</u>
Field Kit - Suction Bracket Assembly	# 4118593	\$75

Feel free to contact John Teresko at ext. 2525 or at tereskoj@draegermed.com if you have any questions.
